Jammy,

hi sweetie! We've known you for so long and it seems like we're so far apart. It's like you have other friends and so close. No matter how far apart our friendship grows we'll still love you as a close friend. We've told you a lot of things we never told anyone else about. Fine things about G.H., P.M. + M.V. and about Steve and El. There's so many more things we hope to share with you. We want you to know that we're glad when you were in lust with Mike and that it turned like crazy to get you two together. We hope someday that we can be as close as we once were. When you and Margaret went your own little way it hurt me inside so bad, that the two people we counted on the most just turned away and left me. We know we spent a whole lot of time with Steve but we still found time to call and talk to you and ask you to come over and you always had to do something else. Oh well I'm glad that's in the past.

We sure wish Keith would get it together and stop tearing your life apart. If you care for him a lot stick with him, if not let him go and find someone to care for.

When I have my 10th B-day party you'll be on the top of the list for invitations. You can bring someone else. We'll have a good old time.

Remember we'll always be friends no matter what you do,

Willie Smith

ADVANCED PLACEMENT TESTS

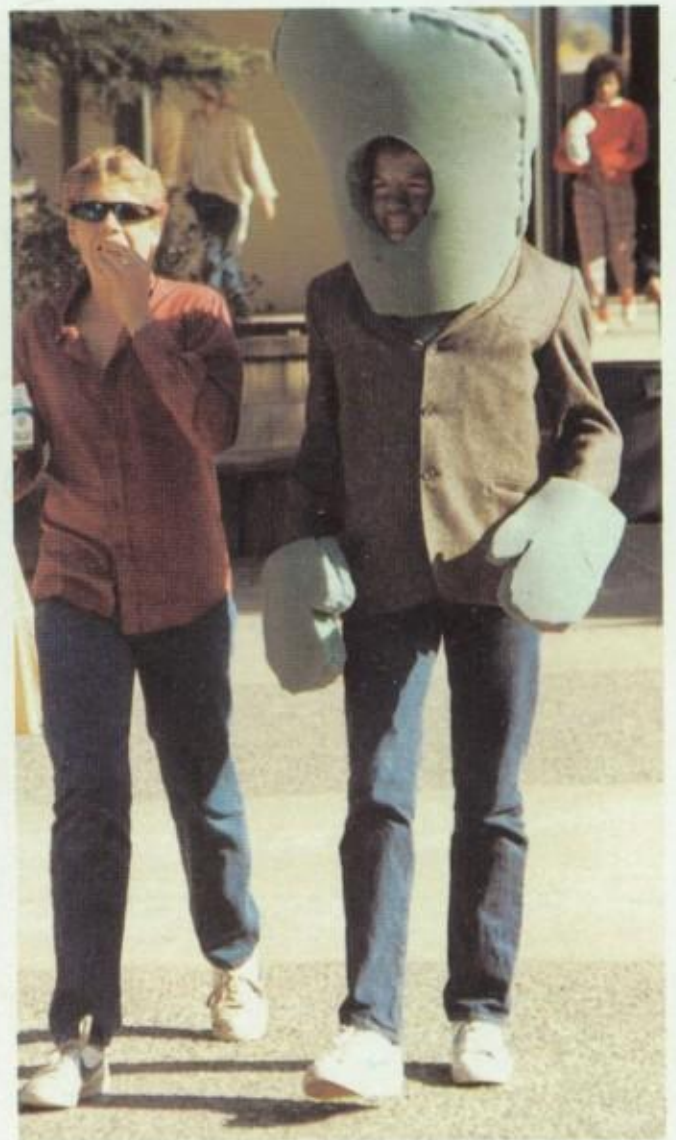

- * 72% of Piner students taking the A.P. tests scored well enough to qualify for college or university credit. On the national level, about 66% qualify.
- * 44% of Piner students scored a "4" or "5" on the tests. According to the Educational Testing Service, this is comparable to an "A" grade in a college course in the tested subject matter.
- * 28% of Piner students scored a "3" and this is similarly comparable to a "B" grade in a college course in the tested subject matter.

"The best part of Piner is all the different activities that get students involved. The faculty even gets involved. This makes it fun for students when they see their teachers doing all these crazy things. When there is an activity going on most students get involved either watching or being a real part of that activity." (Erika Schmidt-Petersen)

"The activities make Piner the best. I think some of the activities are real exciting and really get some class involvement. Some of the most exciting events were the food faire, lunchtime rallies, Halloween, and especially the Fulton Valley Olympics. The best thing about the Fulton Valley Olympics was that it allowed many students to participate in any event rather than only a few." (Brad Little)

"A great part of Piner is the ASB or Associate Student Body. They do a great job of organizing dances, fund raisers for the school, and school activities. I think the ASB helps Piner students more than people think." (Mark Dunn)

"Piner teachers are excellent. They are helpful, enthusiastic, and easy to get along with. They care about their students more than just academically. Piner teachers often get involved in the school activities. They plan special guest speakers and field trips for their students. They are respectful of student opinions. Piner teachers do their best to educate tomorrow's adults."

TEAM ACCOMPLISHMENTS

After winning three consecutive Sonoma County League championships, the 1984 season proved to be a difficult one for the Prospectors. The team fell to last place in league play with a 0-5 record. Overall they were 0-10. The coaching staff is already looking forward to the 1985 season with anticipation. There are enough excellent returning juniors and some fine sophomores moving up from the junior varsity to make the outlook for 1985 positive. One bright spot of the 1984 season was the excellent team defensive play.

One of Piner's finest teams. Good quickness, jumping ability, defense and shooting. The team was able to play control and fastbreak basketball. Coach George Greco did an excellent job of leading the junior varsity to their 2nd straight SCL title.

The team had so much to do this year that you cannot measure accomplishments by wins and losses. The team worked hard on organization, discipline and teamwork. I'm proud of the ladies for working very hard in each game and nevr quitting. We look forward to next year, with new coaches and experienced players, to continue our program and put those all important "wins" on the scoreboard. (coach Pat Sampson)

Our sophomore class was our one shining light this season. They were hard working, dependable, and dedicated. We depend on their returning next year to join the varsity and turn the program around. The team finished with a 7-15 record, but many of those games were decided by 2 to 5 points. (coach Pat Sampson)

INTERNATIONAL CLUB: Many important international friendships and understandings were developed through this year's International Club. The club hosted many luncheons that enabled Pines students to meet and exchange views with other Piner students. Fund raisers and field trips were also provided.

PINER PLAYERS: Piner Players is a loose organization of aspiring theatre people. They produce three shows a year: 2 "regular" plays and a musical. One of the exceptional things about this group is that, with the exception of directing, all aspects of the show are done exclusively by students. Piner Players hope to bring quality theatre entertainment to the Piner students, faculty and general public.

Reports for the State Department of Education and Educational Testing Service indicated that our scores on the SATS (Scholastic Aptitude Tests) are a very high level, above the 90th percentile for high schools nationwide and statewide. Those students who take Advance Placement courses, courses that are equivalent to college courses and for which students may receive college credit, have scored well above the norm.

At this writing, Piner High School has received more awards for scholar-athletes than any other school in the North Coast Section. The section is comprised of more than one hundred and forty schools.

Students in the woodshop and art classes have been named volunteers of the year within the school district and have been nominated for the county award as volunteers of the year.

Thus far, this year, by March 22, seniors have received \$15,400 in scholarships and grants. Last year, at this time, seniors had received \$10,500. The total last year was \$151,000. The goal this year is to reach \$200,000.

This represents only a few of the outstanding achievements of our students and staff that make Piner High School the fine school it is.

I like it when the yearbook is finished. I hope you like the finished product. No supplement this year. This is it.

RETIREMENT CORNER: Chris Rooney, secretary to Mr. Hayes, retires this year. I'm sure I speak for all the staff when I say, "good luck, Chris. May your retirement years be productive ones." Chris has been particularly kind to me and my children over the years. I thank her for that and everything she has done to make my life a little easier. Chris has a son, Mike, who is a golf pro in San Diego. Pretty good golfer, too. Just thought you would like to know that.

A thing or two I enjoyed this year (in case you're interested): . . . working with Piner student leaders . . . watching student production of GODSPELL . . . working with the UNFORGETTABLE spirit squad . . . watching excellent coaching job Betty Castino did with volleyball team . . . working Super Bowl with Jeff, Toby, Brec & Pete . . . listening to Brigett Mansell & Bill Albright discuss their "twinkie" theory . . . being able to work with a great administrative staff. Their dedication to excellence in education is unmatched anywhere. Thanks, Jack Hayes, Bob Zeni, Donna Bell & Jim Hiss. That's it.

A short review of news from the past year: . . . Piner sells calendars to raise money for football stadium . . . Sylvia takes spill in Human Dog Sled Race . . . Diane Sawyer joins 60 Minutes . . . Erika Kotite moves to Big Apple . . . Richard Burton dies . . . Melissa Swart is Miss Sonoma County . . . baboon heart fails to save Baby Fae . . . Carl Lewis wins 4 gold medals . . . Darren Ladd leads Prospectors in scoring . . . 49er's win Super Bowl . . . Mary Decker falls in 3,000 . . . Seniors win FVO for 2nd consecutive year . . . Detroit wins World Series & makes Joel Kammer happy . . . Russia boycotts olympics . . . Sonja Jensen accepted to U.C. Davis . . . Doug Flutie wins Heisman Trophy . . . Mary Lou Retton & Edwin Moses win SI's Sportswoman & Sportsman of the year . . . Geraldine Ferraro on historic Democratic ticket . . . Toby lands in Trina's lap . . . Celtics win NBA title . . . Pete Rose manages Reds . . . Matt, Melissa & Jeff are National Merit finalists . . . Scott Mooney a hit in Lip Synch . . . Barney Clark 1st heart transplant . . . 'Prince' visits Piner . . . Sandi replaces Russ . . . Carlos Lopes at 37 wins olympic marathon . . . Katlin Gleason makes cookies for Ed . . . Yuba City ranks 329 in livability . . . Barbara Hayes graduates from U.C. Davis . . . who is Bernhard Goetz? . . . Julia Kintzi wins E.K. Spirit Award . . . Indira Gandhi assassinated . . . Eddie Murphy stars in Beverly Hills Cop . . . stars unite with WE ARE THE WORLD . . . Kathryn Sullivan 1st woman to walk in space . . . Brigitte Mansell works Democratic convention . . . Reagan re-elected . . . Michael Jackson takes 'Victory' tour . . . disaster in Bhopal, India . . . Chernenko dies . . . Amber Marin Hansen enters pre-school . . . Peter Ueberroth TIME Man of the Year . . . Erin Leilani Anderson graduates from U.C. Davis.

Got a call from my son, Todd, the other day. He said, "let's go jogging, dad. I need to get in shape, and it wouldn't hurt you either." So we jog together. The jogging isn't that important to me. Spending time with my son is. He's a very intelligent kid, my son. When ever I forget what's important, he calls me into the living room and we talk. Music playing in the background is CAT's IN THE CRADLE. Perhaps you read in the news above about my daughter Leilani. An amazing young lady. I'm proud of her. What more can I say? My only wish is that all students enjoy life as much as my daughter does. I love my children very much.

ENTHUSIASM & DEDICATION AWARD: goes to Piner teachers. I've said it before and will repeat that parents should feel very good about the education their daughters and sons receive at Piner. Couldn't be better. The faculty works extremely hard to insure that students receive a quality education. I, for one, thank them for the support they give me throughout the year.

A conversation with the wrong two people:

"Is Ed still at Piner."

"Yes."

"Say hi to him for me."

Perhaps someday she will call and say hi for herself. Such is life.

Good night, Kaysie, wherever you are.
When I was 47, it was a very good year.
